Customer Reviews

I thought that this workbook was well organized. It provided a lesson, then followed each lesson with worksheets. The lessons were more detailed than other workbooks that I've used in the past.

I bought this book because it was recommended by a fellow homeschool mom. It has been extremely helpful this far and we will continue using it in our homeschool. Would recommend.

Excellent material for the students to use when they finish their assigned work. They can work at

their ownpace and self-correct.

Super easy way to review grammar skills for grades 4 and up. Once the book is completed, it is a great reference book.

This was a great summer review for my child who is entering eighth grade.

I bought this book as an aid for my teaching staff and they love it. I plan to buy more of these.
