John (N. T. Wright For Everyone Bible Study Guides)

Synopsis

When you read detective stories, you quickly learn that what may look like an irrelevant little detail may actually be the clue to solving the mystery. A good writer will put in all kinds of detail; nothing is there by accident. Nothing in John's Gospel is there by accident either. And all the details in John are designed ultimately to come together. In these studies we discover the clues John gives that we might see even more clearly the reality of who Jesus is, the new creation he inaugurates and the difference that all makes.

As a former seminary student I'm acquainted with a few of Wright's heavier academic works but this wonderful study (I'm happy to report!) is far from dust-dry theologizing. Dr. Wright's style is at once informative and engaging and the questions accompanying each lesson go a long way in generating in-depth discussion. I'm leading a small group through this book at the moment and would cheerfully commend this fine volume to both groups and individuals seeking personal study. Looking forward to ordering more from this exciting and insightful series in the future.

Wright's presentation of John's gospel and the questions he asks really make you think about concepts and the meaning of individual words. Don't rush through this!

In-depth yet readable guide to John. I gained an understanding of Jesus and his purpose in a

greater way than any other book I've read previously. I highly recommend this book if you are struggling to regain a connection to God or if your spiritual tank is running dry. Very hopeful and insightful

Great guide for the Gospel of John. Makes a very deep subject simple and easy to understand. We used this for our small group and the homework was not overwhelming but it helped to facilitate great discussions.

Well written. Good questions with space to write your answer. Works great for group or individual.

Used for a small group study

He has great insight into the depths of scripture. I am constantly surprised into his insight and connections he makes to real life events he has had in life.

In great condition.
