# The Handbook Of Bible Application (Life Application Reference)

Synopsis

How does prayer work? What does the Bible really say about money? Does the Bible have anything to say about friendship? Youâ ™ll find answers to these questions and many more, quickly and easily in The Handbook of Bible Application.The Bible is full of wisdom about life. Yet itâ ™s not always easy to connect the dots between the various Bible passages on any particular subjectâ •whether itâ ™s a question about dealing with money or about overcoming depression. The Handbook of Bible Application is your guide to the Bible, organized by topics that impact the way you live your life every day: accountability, attitudes, contentment, depression, doubt, encouragement, friendship, money, popularity, sex, singleness, worry, and hundreds of other topics. This is a biblical resource you wonâ ™t want to be without.

The Handbook of Bible Application is an excellent resource for anyone looking for a biblical perspective on various issues including from abortion to zeal and everything in-between.The typical format for each issue consists of: 1)listing and definition of the issue, 2) a question concerning the issue (i.e. - how should Christians respond to laziness?), 3) key Bible verses concerning the issue, 4) a few key points for thought concerning the issue, and 5) a listing of related topics.The handbook is decidedly more of a life-application instead of a scholarly approach. However, the pastor preparing a sermon, the teacher preparing a lesson, or the believer or unbeliever searching for biblical answers can greatly benefit from the title!All in all, a highly recommended supplement to the

Bible!

If you've ever wanted to study a topic addressed in the Bible or asked the question, "What does the Bible say about . . . ?" then look to this volume first. Unlike a devotional, concordance, Bible index or Bible dictionary, this book focuses on topics. Extremely easy to use, follow and understand, The Handbook of Bible Application addresses some 475 topics. Arranged alphabetically this book is great for personal study, devotions and just general understanding. Be careful, though, you could get hooked on this one. It's a great investment. Use it daily and grow in His Word.Be blessed!

This book is a good resource for the new Believer, as well as, those who are maturing Christians. Early in my walk with the Lord, this provided necessary guidance and answered many questions I had. Now, I still refer to it occasionally just for additional perspective.The book takes popular topics, outlines selected Scriptures about the topic, and presents a position on the topics based on the Scriptures used. It does not include all possible Scriptures on a given topic and should not be thought of as a replacement to your own Bible study. (I use this book as a companion to study as nothing replaces utilizing a thorough concordance to look up the Scriptures yourself for a topic.) However, I have found most of the direction on topics to be generally Scripturally sound. Therefore, I think itis a good reference to provide additional perspective to any Bible study.

This Handbook is one of the best investments I have made. Since receiving it, I have used it everyday. I have used it in conjunction with a prayer calendar I make up each month as well as my own personal devotion time.

This is a nice and quick biblical resource for everyday subject matter. It wasn't quite as extensive as I had anticipated or hoped, but easier to tote around than an extensive concordance. I would recommend it.

This is the most wonderful Bible application handbook that I own, and I own several. There is hardly a topic that is not covered. Probably if you can't find it under that word, if you come up with a thesaurus verbage, or different thought along the same line, it will be there. It presents the information in simple terms, that are totally practical in application to our daily lives. A MUST HAVE.

I really enjoyed reading this book. I was preparing to teach a class for Deaconess Trainees at my

church this book was very helpful. It is reader friendly and has lots of scripture references. I would recommend this book to anyone serious about studying and getting a better understanding of the Bible.

If you already have a Life Application Bible, then you have 80% of this book.Read this stuff with care, as it twist the Word of God in places to fit in with a "feel good" message. I bought it to have a quick reference when pointing out flaws in the "new age gospel" that is so prevalent in the so-called church today.
