# When You Reach Me (Yearling Newbery)

## **Synopsis**

This remarkable novel holds a fantastic puzzle at its heart. By sixth grade, Miranda and her best friend, Sal, know how to navigate their New York City neighborhood. They know where it's safe to go, and they know who to avoid. Like the crazy guy on the corner. But things start to unravel. Sal gets punched by a kid on the street for what seems like no reason, and he shuts Miranda out of his life. The apartment key that Miranda's mom keeps hidden for emergencies is stolen. And then a mysterious note arrives, scrawled on a tiny slip of paper. The notes keep coming, and Miranda slowly realizes that whoever is leaving them knows things no one should know. Each message brings her closer to believing that only she can prevent a tragic death. Until the final note makes her think she's too late.

## **Book Information**

Lexile Measure: 750L (What's this?)

Series: Yearling Newbery

Paperback: 208 pages

Publisher: Yearling; Reprint edition (December 28, 2010)

Language: English

ISBN-10: 0375850864

ISBN-13: 978-0375850868

Product Dimensions: 5.2 x 0.5 x 7.6 inches

Shipping Weight: 4.8 ounces (View shipping rates and policies)

Average Customer Review: 4.6 out of 5 starsÂ  See all reviewsÂ  (769 customer reviews)

Age Range: 8 - 12 years

Grade Level: 3 - 7

## **Customer Reviews**

"When You Reach Me" is a rare gem of young adult fiction: an involving story whose subtle writing and characterization pull you in as much as the mystery that binds the story together. I liked the slice of life of 1979 New York as twelve-year old Miranda and her friends explore their neighborhood, giving us a bit of a Free-Range Kids perspective on days gone by. Miranda gains and

loses friends, and grapples with normal sixth-grade angst, but her worries take on a new twist when she discovers mysterious notes from someone who tries to convince her that he or she can see things that have not happened yet, adding fantasy and sci-fi into this realistic setting where you'd least expect it. Once the mystery has been solved, many readers will want to go back and read the story a second time to see how the pieces fit together in a new light. In a thematic parallel, Miranda's experiences reflect her own shifting ability to see situations through other people's eyes. She also learns that giving or withholding small acts of kindness or meanness can have big consequences. What I love though is that the story is told in a way that does not feel at all preachy. This is a great book for anyone ages 10 and up. It would be okay for younger kids, but those readers have so many choices that I would save "When You Reach Me" for age 10, because in my experience it's harder to find good books for that age.

**BOOK REVIEW: WHEN YOU REACH ME** I'll never forget the day I learned the wonders of the Möbius strip...mathematics wasn't my thing - I am a word nerd. So I was caught off guard when I was handed a thin blue strip of paper. "Now put a small twist in it like this," he explained. "Next, bring the ends together and tape them, like so." Then, I took my pencil, as instructed, and drew a thin carbon line, starting on the outside. I was stunned when I eventually connected it back and had one continuous strand, looping around on itself. I hung up that paper in my room and would stare at it, trying to figure out how it all worked. Not really understanding the physics behind it all, but loving the impossible rightness of it all. That's the way I felt about WHEN YOU REACH ME by Rebecca Stead. It is just SO perfect, so impossible, so right...so perfectly impossibly right. I was stunned when I finished it, too. I propped it on the arm of the chair and just stared at the cover. "What in the world are you doing?" my husband asked. I was taking it in...turning the story over in my mind...reflecting on the perfect circle I had traveled. I could only say, "Wow." This book is an original, showing me logical ideas that seemed almost enchanted. Oh. My. Here's the official summary: "As her mother prepares to be a contestant on the 1970's television game show, "The \$20,000 Pyramid," a twelve-year-old New York City girl tries to make sense of mysterious notes received from an anonymous source that seems to defy the laws of time and space." What the official summary for WHEN YOU REACH ME does not tell you is that this mid-grade novel will make you laugh...and then cry.
