## Black Butler, Vol. 8

## **Synopsis**

When one curtain falls upon the big top stage, another rises behind the scenes, as young Earl Ciel Phantomhive and his virtuoso butler, Sebastian, face off against the villain behind the missing children. But as Sebastian, under orders from his master, single-handedly draws the gruesome tale to its sad conclusion on one front, battle lines are drawn on another! With the masterless Phantomhive Manor under attack from the Noah's Ark Circus and Sebastian nowhere nearby to protect its inhabitants, is Ciel's home once again headed for the same tragedy that took the lives of the young earl's parents?

## **Book Information**

Series: Black Butler (Book 8)

Paperback: 176 pages

## **Customer Reviews**

4.5/5I was a little afraid, after all of my excitement from the last volume, that this one wouldn't live up to it. I'm glad to say that I was wrong, because this one was just as fantastic, if not more. Also, I'm pretty sure this is going to contain some major spoilers, so if you haven't read this volume yet, then I would suggest not reading this until you have. Unless you don't mind spoilers, of course. So the first chapter focuses completely on the Phantomhive mansion, and their servants. And, you guys, I totally didn't see this coming. Because Finn is throwing things around, and apparently Ciel saved him from something, and he has numbers on his neck, and I really want to know what happened to him prior to all of this. (Also, Finn is kind of my favorite of the three, which I haven't stated before. But, there it is.) And Mey-Rin has perfect vision and a bunch of rifles and is shooting them. And Bardroy has some huge special weapon, which makes the most sense, right before Finn. And

Tanaka covers for them with Elizabeth, which makes sense. Apparently they're all some kind of warriors. This was kind of amazing, and super exciting, to see. It's very violent and they make a huge mess of the house, even blowing up a part of it. The one part about this and the next couple chapters, is that all of the circus ends up dead (except for maybe one?). I actually liked several of them (especially Freckle Face/Doll!), so I'm a bit upset to see all of them go. And then, you guys, I did not see the next bit coming. I knew that they were doing something with the kids, and I was sure I wasn't going to like it, but I wasn't really expecting this. And I don't really even want to imagine what they did. It's just... Just, no. No. It's not okay.
