The Big Picture Family Devotional

Synopsis

We all want to teach our kids about the Bible and God's love for the world. But sometimes it's hard to know where to start . . . If you want to make regular devotions part of your family life but don't know where to start, pick up this easy-to-use resource and start teaching your kids about the big picture of the Bible today! Designed as a complementary resource to the best-selling The Big Picture Story Bible, this family devotional offers parents a year's worth of material for teaching children ages six to ten about God's plan of salvation for the world through Christ. Intended for families to use three times per week, each 5-10 minute lesson includes: a basic Bible question with an accompanying answer in the form of a memory verse an carefully-chosen Scripture passage to read aloud a devotional paragraph designed to help kids connect the Scripture passage to the Bible's overarching message reflection questions for the whole family to ponder and discuss together Learn more about the Big Picture Story Bible series at BigPictureStoryBible.com.

Customer Reviews

This book was exactly what we were looking for to add to our library of resources for family devotional times with our 3 & 4 year old daughters. The book is formatted with a weekly question and answer and scripture passages to read that build up on the previous days. Each day also

includes a paragraph devotional and questions to ask that go along with the days reading. The only hesitation I have had in using it is that I we also have our daughters working on Westminster Catechism questions and the questions/answer format for each day could be potentially confusing in addition with using a traditional catechism. However, if you are not using a catechism, then this book would be a great resource and is one that we have recommended to our friends and family.

This book is a great resource for any parent interested in forming a solid, comprehensive faith in their children. I've begun using it with my family and my son, three, already enjoys learning the new question and answer for each week.

Good for older kids
