Alvin Ho: Allergic To Camping, Hiking, And Other Natural Disasters

Synopsis

Here's the second book in the beloved and hilarious Alvin Ho chapter book series, which has been compared to *Diary of a Wimpy Kid* and is perfect for both beginning and reluctant readers. Alvin, an Asian American second grader who's afraid of everything, is back, and his worst fear has come true: he has to go camping. What will he do exposed in the wilderness with bears and darkness and . . . pit toilets? Luckily, he's got his night-vision goggles and water purifying tablets and super-duper heavy-duty flashlight to keep him safe. And he's got his dad, too. From Lenore Look and New York Times bestselling illustrator LeUyen Pham comes a drop-dead-funny and touching series with a truly unforgettable character. • Shares with *Diary of a Wimpy Kid* the humor that stems from trying to manipulate the world. • "Newsday" • "Alvin" a winner. • "New York Post" From the Hardcover edition.

Customer Reviews

I am so glad that I'm getting to relive my youth through my daughter! Don't take that wrong because

I'm not one of those parents....I just love reading books that are geared towards her age range. What I love even more is when we both read the same book and then discuss it! That is the case with ALVIN HO: ALLERGIC TO CAMPING, HIKING, AND OTHER NATURAL DISASTERS by Lenore Look and pictures by LeUyen Pham. I just don't remember there being this many good middle-grade books out there when I was ten years old. My daughter is probably a little on the older side for this book because it is really aimed for children ages 6 through 10; however, I still think many 10 year olds will enjoy the book as a quick, funny read. Alvin Ho is absolutely hilarious as a young boy who is afraid of almost everything. In this book, his father wants to take him camping and poor Alvin is just terrified of everything that could possibly go wrong. Maybe one of the reason that I liked this book so much is that I can so relate to his feelings about the great outdoors! This book is really perfect for those kids who are ready to read chapter books, yet aren't quite ready for a book with a lot of pages. This book is a little over 150 pages, but the print is large and there is lots of white space on each page. There are also a few very cute (and funny) illustrations thrown into the body of the chapters. I especially liked that there is a glossary (Alvin Ho's Very Scary Glossary) at the back of the book with definitions of some possibly "new" words. Kids are going to love Alvin and his adventures. I thought his paranoia was so funny, and I found myself laughing a lot at his insecurities.
