Customer Reviews

I purchased this book as part of my Homeschooling curriculum using Trail Guide to Learning Paths of Exploration, Jamestown Section. My boys LOVE this book. I absolutely see them reading it for fun after we are done with this section of our curriculum.

My son doesn't "like to read" because it's boring, but he loved this book! The adventure and danger held his attention and he learned a lot about this historical era too.

A thrilling adventure! More thrilling even than all her other books combined!
