Customer Reviews

This was an Easter gift for my 5 year old along with the insect lore butterfly garden and she loves it. It's a good story and teaches kids about caterpillars and butterflies at the same time. The stickers are a nice bonus and both of my girls love playing with those.

I'm a huge Pinkalicious fan, along with my kindergartener. Although I feel the books are getting worse and worse. We keep adding them to our collection, but my daughter and I are less and less entertained. I feel as though each story could have been written in one sitting. Even the butterfly fanatic was not thrilled with this one. So disappointed.

My 4 year old loves pinkalicious, and loves butterflies even more. This book was a huge hit. The stickers were a nice addition as well. Cute story explaining the life cycle of a butterfly.

Received this book the day it was released and it is adorable! Comes with stickers and the story is so sweet. I can't wait to give this to my daughter for easter.

Another good Pinkalicious book. My granddaughter loved the story of the little butterfly. I would recommend this book for other little girls.

very sweet story- a bit short, and I would have preferred some magical adventure, but the girls liked it anyway.

My daughter loves all the Pinkalicious books and this one was perfect as well!

My granddaughter loves this book , all 10times so have read it to her.
