Customer Reviews

I found this book extremely helpful for my beginners Torah Study. The language and content is clear and concise. It makes each section easy to follow and understand. Mr. Fields selected a variety of commentaries giving the student-reader numerous points of view and choices. The reader is free to develop his own ideas about the portion reviewed. I would highly recommend this book for students first beginning to study Torah.

This textbook provided me with a way to learn about the Torah. The text is simple enough to not intimidate a student who is seeking to understand the Torah from a Jewish standpoint and with enough depth to inspire further study. Studying the Torah adds to my study of the Christian Bible.

A basic book that utilizes Midrash and Talmud to give direction to a novice. The complete set is well

worth the price.

Never panders to "easy reading," his choice of examples is excellent, his commentaries beg the attention.
