Customer Reviews

Good message and friendship endured. I was intrigued by this subject. The artwork isn't to my style and I like lots of color and this artwork would not draw me into reading this book Good story for teacher to read to a class followed by class discussion

I am an elementary school counselor. I'm starting to focus even more on the bystanders as part of our bully prevention at my school. They are a group that needs empowerment and given the permission to do something when they witness the mistreatment of others. Red is a story with really impactful illustrations and words. It gets right to the point. I was so excited to see this new title.

Definitely a difference maker with kids and so happy to have it as a resource!

Wonder book to use with students at the beginning of the year and any time we need to talk about kindness.

As a first grade teacher, I always appreciate books about bullying. This is a great one!
