Customer Reviews

My two daughters love the book series. They like to see what Katie will be doing next when the magic wind stirs things up. One is 10 and the other is 3 1/2. Even the 10 year old is beyond this reading level, she still enjoys the mischief the magic wind causes for Katie.

My 6 year old daughter LOVES this series. She can't put the books down. We go through a book every couple of days. And when I read them out loud, even my 4 year old son is there quietly listening. He too wants to know who Katie is going to change in to next.

Hi i am 8 in the book kate kazoo there is this new girl and becky the new kid copies Susan and in the book kate is becky and becky is kate and at the end they swich back it is a really good book i give it 3 stars up. ^f

I had purchased the first book and my granddaughter did not want to put it down. She was so eager in finding out what is next. When she started telling me about Katie Kazoo and her story I picked up the book and started reading. Nancy E. Krulik is writing the stories in a way that you can transfer yourself into the set and feel part of it. Your child will love it.

Well I'd give this, 4 stars. I'm not saying it's the worst but it's not the most exciting book. It's good cause it teaches you about friendship and you should just be yourself! Makkenzie Beer 9 yrs

We love the Katie Kazoo series. My daughter who is a little bit of a tom girl, does get into the foofoo type stories. These were perfect and kept her attention. As we struggled through reading the last couple of years it was great to find a series that she finally took to and couldn't wait for me to give her another one.

This is one of my favorite books in the Katie Kazoo series. I used to read them when I was in the 4th grade. I like how this story sends the message to staying true to yourself and being yourself.

I've read better nancy krulik books, Suzanne's so mean to Becky ,,,, I wish that Katie would stand up to her!!! I personally think that instead of Becky being a copy cat, I Suzanne's a BRAT!
