Customer Reviews

Great reader for my five-year-old because she is a big fan of Cinderella. I am glad someone paired learning to read with Cinderella. It encourages my daughter because she wants to read Cinderella by herself.

My daughter brought this book home from class. Our dog ate it! I ordered this to replace it. It arrived on time & in perfect condition. It's one of my daughter's favorite books.

This book series is great for all first time readers!! If your child loves Disney princess stories, she/he will be interested and excited to explore these books!!! Definitely recommend! My daughter loves checking mailbox for her books, best reward system ever!! (And no sugar necessary-yay!!)

I purchased this for my new little reader after reading other reviews. I am very disappointed and feel like it was a waste of money. there are no easy to sound out words so my new little reader will not be able to enjoy this at all...

This book has small words and includes a lot of counting, so it is perfect for learning to read and practicing numbers. It is one of our favorites.

My daughter is only 3 years old, so she isn't really ready to read this book yet. I read this book to her at night and she enjoys it very much. It is a great book for children that are ready to read short stories.

My daughter asked for a Cinderella book and I love how accessible the writing is to her at such a young age!
