# They Shall Expel Demons: What You Need To Know About Demons - Your Invisible Enemies

## Synopsis

WHAT ARE DEMONS? HOW DO DEMONS GAIN ENTRY INTO PEOPLE'S LIVES? DO CHRISTIANS EVER NEED DELIVERANCE FROM DEMONS? In this readable, biblically based book, Derek Prince answers these and many other vital questions. If you are struggling with problems that never seem to go away, has it ever occurred to you that demons may be at work? Or perhaps you want to help others with such problems. Derek Prince points out that "Jesus never sent anyone out to preach the Gospel without specifically instructing and equipping them to take action against demons in the same way that He Himself did." If this is not true today, Prince asks, "Who has change? Jesus? The demons? The Church?"

Summary of book: Derek Prince does a good job of telling us about demons, from how Jesus dealt with them, the origin of the word demon from Greek, his struggle with them, various types of demons and how to combat them. Prince uses Scripture and personal experiences to show us that demons are real, and we as followers of Christ have the authority over them, yet Christians can be oppressed by them and need deliverance. Positives of the book: Scripturally based, with personal dealings with demons, as well as guidelines Christians should use to expel their own demons, and if you are not a Christian he takes you through steps on becoming a believer. I for one believe in demons. The bible mentions them, and in today's society we tend to shake them off as some mystical creatures that are only symbols of our struggles instead of actual, evil spirits. Prince's

example's can be disturbing to some, how demons are expelled and the different noise and/or convulsions people might have when they are delivered. Basically, you can expel a demon, but make sure you are a believer and close to God. If not, it is best to seek a ministry or your pastor to help you. Negatives: Although I believe in demons, Prince at times puts a demon with every problem we have. Some of the more bizarre examples in the book include 1) A girl getting hit on the head by a baseball, and then suffers from epileptic seizures. Prince explains the injury created a weakness that allowed a demon to enter, and give her these seizures. She was healed according to Prince, which I believe in a healing ministry, but to say demons enter you just because you are bonked on the head, seems a bit far-fetched. Another example of a bizarre demon was someone who suffered from tooth decay. That again seemed stretching it a bit.
